

Hard Drive 2.5" Caddy for NoteBook

מק"ט: E-HD25-C95

תיאור המוצר

Description:

Model: E-HD25-C95

Type: Caddy

Hight: 9.5mm

Add a Second Hard Drive to your Laptop, using your laptop's optical drive bay.

This is a great solution for those that want to add a 2nd hard drive, or 2.5" SSD! Add it as a second drive in the laptop in lieu of the SATA Optical drive.

This device/caddy will fit in the CD/DVD/Optical drive bay in your laptop.

Caddy shown with SSD in photo. SSD not included.

Features:

Add a 2nd drive to your Asus U30JC by replacing your optical drive

Works with 2.5" SATA drives with heights equal to or less than 9.5mm

Perfect solution for those that want to add the new 1TB drives to their laptop

Mounting screw-holes on caddy provided so you can transfer your original optical drive's rear bracket to the OBHD caddy

Metal caddy/bracket for heat dissipation

Standard front faceplate/bezel is Black.

You can also transfer your optical drive's "original faceplate" to our OBHD caddy.
