

# Long Range USB Bluetooth 5.3 Audio Transmitter

מק"ט: AV-BTDG-60-P

## תיאור המוצר

שם מוצר: מתאם שמע בלוטות' לטווח רחוק

אונטרי (יצרן): Avantree

צבע: שחור

Type: Long Range USB Bluetooth 5.3 Audio Transmitter Producer: Avantree Color: Black

Overview:

ULTRA-LONG RANGE

Transmit audio up to 164ft/50m outdoors or 100ft/30m indoors for excellent connection and sound quality on the move.

### **QUALCOMM APTX ADAPTIVE**

Enjoy high-definition audio with Qualcomm aptX technology, near-CD-quality sound, stable connection, 24-bit aptX adaptive, auto-adjust, dynamic scaling, energy-efficient, and aptX-HD audio support.

### **WIDE COMPATIBILITY**

Add Bluetooth audio capability to your Desktop, iMac, seamlessly connecting with Bluetooth headphones and speakers for easy audio integration.

### **LOW LATENCY**

Minimise lag or delay for an engaging gaming and streaming experience on PS5/PS4 with our technology. Compatible with Bluetooth aptX Low Latency (40ms) or aptX Adaptive (66ms) headphones or speakers.

### **USER-FRIENDLY**

No complicated software or driver installation required with our plug-and-play transmitter. The device auto-reconnects for easy integration and wireless audio enjoyment on your PC.

### **Please Note:**

**Not compatible with Sony PULSE 3D & similar non-Bluetooth headphones.**

**Transmits audio only; incompatible with mice, keyboards, etc.**
