D-LINK Wireless AC1200 Dual Band PoE AP

מק"ט: DAP-2660

תיאור המוצר

- Easy to manage with D-Link's free management software-based solution, Nuclias Connect
- Superior throughput with dual-band transfer speeds up to 300 Mbps in the 2.4 GHz band and 867 Mbps in the 5 GHz band
- Band Steering makes sure connected devices get the best available frequency band
- Supports Power over Ethernet (802.3af) for simpler installation with less cable clutter
- Simple, soft-edge design, ideal for subtle visibility when wall or ceiling mounted (mounting hardware included)
- Supports multiple VLANs for enhanced network management and up to 16 SSID setups
- Wireless network supports both Personal and Enterprise versions of WPA and WPA2
- Gigabit LAN port for high-capacity backhaul to the wired network
- Supports multiple AP modes for performance optimization based on your network's needs
- MAC Address Filtering and WLAN Partitioning ensure control of your network's access
- Captive Portal with industry-standard authentication for enhanced access management
- Works as a standalone AP or as part of a centralized, scalable multi-device deployment
