Bluetooth 5.0 USB Audio Adapter (External) for Music, Calls, Gaming, Movies on PC,

Mac, PS4, aptX Low Latency, Plug & Play, Mini Size.

Bluetooth-enable your audio devices
Use with your PC, laptop, Mac, PS4 or Nintendo Switch gaming console to enjoy streaming to your favorite speakers or headphones.

Note:
1. Only for Audio, doesn't work for mouse, keyboards or game controllers.
2. The pairing / connection happen through the DG80, not your computer.

No lip-sync delay
Supports the aptX Low Latency codec to virtually eliminate audio-visual lag making the DG80 an ideal choice for watching TV / movies. For best results, use with aptX Low Latency supporting headphones / speakers.

Extended long range
Experience the wireless freedom of walking anywhere in the house! The Bluetooth 5.0 DG80 can reach a range of up to 100' in open line-of-sight conditions and up to 60' indoors.

NOTE: Operation range can be affected by physical obstructions and wireless interference.

Plug & play
Not a tech junkie? No problem! With our Bluetooth transmitter, there is no need to download any driver. Simply plug the transmitter and turn on the connecting device and they will auto connect for the ultimate user friendly audio experience.
