

M.2 NVMe Duplicator 2 Bay

מק"ט: K3016P

תיאור המוצר

Type: M.2 NVMe Duplicator 2 Bay **Brand:** MAIWO **Color:** Black **Overview:**

USB3.2 GEN 2x1 type-C to PCIe NVME M.2 SSD 1:1 clone duplicator and PM function.

Compatibility - This dual bay M.2 SSD cloner can simultaneous read and write M.2 NVME PCIe SSDs in size 2230/2242/2260/2280/22110. Support One-Key Offline Clone without connecting this dock to PC.

10Gbps Transfer Speed - MAIWO double bay nvme m.2 docking station equips with ASM2362+ASM2806A chipset, USB3.0 GEN2 output port and Type-C to

Type-C data cable. The transmission speed can reach 10Gbps.

Good Heat Dissipation - There is an aluminum metal cooling mat inside the dock and the vertical insert design helps dissipate heat quickly and protect the hard disk better.

Feature - 4TB Capacity / Tool-Free / Plug and Play / Independent 5V 3A Power Adapter / 10mins Auto Sleep / LED Indicator

Mini Size - Compact and portable: 3.09x3.01x0.75 inch, 0.33lbs. Tool-free, easy to swap SSDs, very convenience for daily usage.
