### **Overview:**

#### **SUPERIOR HIGH-DEF SOUND QUALITY**

Enabled with aptX-HD, you can enjoy listening to your music at the highest wireless Bluetooth audio quality. Proprietary aptX-HD processing preserves sound data throughout the audio transmission, resulting in a 'better-than-CD' listening experience.

#### **ACTIVE NOISE CANCELING**

Active Noise Canceling (ANC) technology reduces unwanted low frequency background noises, allowing you to focus on your music, watch movies or make phone calls without distraction – wherever you go.

#### **ULTRA COMFORTABLE DESIGN**

The combination of soft, plush protein leather earpads, an optimized clamping force structure and a fully adjustable headband provides for a highly ergonomic and comfortable fit. Enjoy listening to your music for extended periods without compromising on your comfort.

#### **BOOM MIC & EXTRA FEATURES**

Enhance mic pickup by using the flexible boom microphone and ensure crystal clear voice quality for all of your personal & professional calls. Dedicated Siri/Google Assistant button and multimedia controls for volume or skipping tracks all integrated into an intuitive user-interface.

#### **24M WARRANTY & LIFE-TIME SUPPORT**

Manufacturer-backed 24 month warranty upon product registration. Video User Guide & FAQ available on website. Life Time Technical Support with 8hr-guaranteed response via Email, Live Chat, Phone Call Booking, etc.
