

Profetional Wire Stripper Tool

מק"ט: HP-STRIP-HQ

תיאור המוצר

3 in 1 electrical cable wire stripper tool:

- Stripping
- Cutting
- Crimping

Specification:

- Argonomic design for profetional use
- High Quality & durable material
- Adjustable stopper - to control the length of the core strip.
- Stripper range 0.5mm - 6mm
- Easy to strip solid, stranded and romex wire
- Stripper & cutter without damaging the copper core
- Non-slip rubber grip - stable and easier to use

Overview:

Introducing the LUGGAR Professional Wire Stripper and Cutter – engineered for precision, durability, and efficiency. Designed with high-hardness alloy steel jaws (HV 550-650 / RC52°-57°), this tool easily handles all wire types ranging from 10 AWG to 24 AWG (0.2-6.0 mm²). Its precision-coated cutting blades (RC55°-60°) ensure clean, effortless cuts every time. Compatible with insulated and non-insulated terminals (22-10 AWG / 0.5-6.0 mm²) as well as auto ignition terminals (7-8 mm), this is the ultimate multi-function tool for professionals seeking quality and performance in every grip.
