

IR Infrared Remote Control Repeater Emitter Extender

מק"ט: E-RC-IR

תיאור המוצר

Remote Control Infrared Repeater is a product which amplifies the IR signal of AV equipment. By connecting to it you can keep your AV equipment behind closed doors, or mount them hidden away out of sight in a cabinet, cupboard or another room and still operate them with your remote control.

Features

High Sensitivity. Real time transmission without any delay with its high sensitivity sensor.

CFL Friendly. This unit can be installed in an area with compact fluorescent lighting and work in most lighting environments.

Remote Indication light on IR Receiver. Green being power connected while flashing red indicates the signal is being sent.

Wide Frequency Range. Compatible with almost all the AV equipment in the market.

Full hardware design, no software to install, plug and play, simple and convenient

Small Size and Solid Design.

Low Power Consumption. 5V DC, 70mA max.

Specification

Receiving Frequency Range.....34 KHZ to 60KHZ

Emitting Frequency Range.....38 KHZ & 56KHZ

Receiving Distance.....8m

Emitting Distance.....100-200mm

Power Consumption.....5VDC, 70mA max

Dimension.....IR Receiver 31(L)×17(W)×13(H)mm

IR Emitter 13(L)×8(W)×5.5(H)mm

IR Repeater Box 90(L)×55(W)×26(H)mm

Cable Length.....IR Receiver 1.5m, IR Emitter 3m

Package Contents

IR Repeater Box.....1pcs

IR Emitter Cable(with 2 Emitters on cable).....3pcs

IR Receiver Cable(with 1 Receiver on cable)1pcs

DC 5V Power Adapter.....1pcs

User Manual.....1pcs
