< התקנה פשוטה - ללא צורך בדרייברים

**Type:** Long-Range Bluetooth Headphones & Transmitter Set

**Producer:** Avantree

**Color:** Black

### Overview:

Headphones & Transmitter Set

Ideal for watching TV without audio delay or lip sync error. Easy to use, plug & play support with a convenient pass-through feature and long operating range.

### Easy to use - no pairing required

A truly plug & play experience - simply turn on the transmitter and headphones and they will automatically reconnect. No need to worry about complicated pairing procedures.

### No audio lag synchronized experience

Ideal for watching TV, movies and gaming, our headphones deliver high quality sound in perfect synchronization. Our transmitter also features dual link technology allowing you to add a second pair of headphones and share your listening experience. (Note: To ensure there's no lip sync delay, your 2nd headphone must also support the FastStream codec. Consider the Avantree NB16, AH6, AS90, AS9 which support FastStream).

### Hear audio through headphones and external speaker

If your TV only has one optical output port, it can be a pain to connect any new devices. With the Avantree Oasis Plus, you can connect it between your soundbar and your TV to play audio from the soundbar and stream to your headphones simultaneously!

With the simple flip of a switch, you can choose between Bluetooth mode and pass-through (wired mode) without having to plug or unplug any wires.

### Extended range

Featuring Bluetooth Class I technology, our Oasis Plus transmitter's signal reaches up to 164 feet / 50m! Please note the range is dependent upon physical obstructions and wireless interference.

### Extended playtime

After charging for 3.5 hours, your headphones will allow you to indulge in your movies or music for up to 40 hours! The transmitter can be powered using any USB port on your TV and powers on and off automatically when the TV is turned on or off.

### Specifications for headphones :

- Bluetooth version - V4.0
- Audio codec support - FastStream, SBC
- Bluetooth profiles - A2DP v1.2, AVRCP v1.4, HSP v1.2, HFP v1.6
- Operation range - Class 2, 10m/30ft
- Battery: Lithium polymer battery, 550mAh
- Music time - 40 hours
- Standby time - 20 days
- Speaker impedance - 32ohm
- Frequency response - 20Hz-20KHz
- Product size - 8 cm X 18 cm X 17 cm

### Specifications for transmitter :

- Model No.: BTTC-500P-BLK (Transmitter only)
- Bluetooth version: V 5.0
- Bluetooth profiles: A2DP v1.3.1, AVRCP v1.0
- Audio codec support: aptX-Low latency, FastStream, aptX, SBC
- Operating range: Class 1, up to 164ft/50M
- Power supply: 5V/500mA-2A rated USB charger or TV USB port
- Power port: USB-A
