**Type:** Audition Pro - Bluetooth Stereo Headphones **Producer:** Avantree **Color:** Black **Overview:**

Wireless APTX Low Latency Headphones for TV

Avantree Audition Pro features aptX-LL streaming technology and an ultra-light custom fit design,

allowing you to enjoy up to an amazing 40 hours of music without audio delay.

### **No Lip-sync delay**

aptX Low Latency technology allows you to reduce Bluetooth delay, delivering high quality sound in perfect synchronization. Pair with Avantree Oasis Plus or Audikast for ultimate lag-free experience.

### **aptX sound**

Experience superb music and voice clarity. Built-in bass boost feature lets you tailor your audio experience for TV, music on your smart phone or PC, with rich lows and clear treble. The perfect headphone for audio lovers.

### **Extended Playtime**

Enjoy up to an amazing 40 hours of music play time in wireless mode. Or use the included 3.5mm cable to switch to a wired connection and watch TV, or use your phone without draining any battery at all. Change from wireless headphones

### **Comfortable fit**

These over-the-ear wireless headphones come with super soft earpads and an easily adjustable headband providing a comfortable, customized fit. An ideal choice for long periods of watching TV.

### **NFC enabled and easy to use**

Use the NFC feature for easy one tap connection. Intelligent voice prompts clearly identify the status of the headphones. After initial pairing headphones auto-reconnect to any device, easily and instantly. Buy one for yourself and an extra set for an audio lover you know today!
