

D-LINK Dual WAN 4-Port Gigabit Wireless AC VPN Router

מק"ט: DSR-500AC

תיאור המוצר

Optimal network security for the growing networking needs of small and medium businesses.

The D-Link DSR Series Unified Services Routers provide secure, high-performance networking solutions to address the growing needs of small and medium businesses. With integrated high-speed wireless technology, the DSR series routers offer comparable performance to wired networks, but with fewer limitations.
