

Luggar Keystone Jack CAT6 STP Toolless

מק"ט: HP-KJ6

תיאור המוצר

Description:

Toolless jack is one of the simplest methods of providing a high level of repeatable quality of fast termination. Suitable for both traditional and pre-terminated installations, each jack has a standard RJ45 keystone jack footprint and is suitable for mounting in the shutters, faceplates and patch panel frames detailed in this catalogue.

Termination is a quick and simple three stage process, prepare and position the pairs from each cable within the colour coded termination cap, once in place the termination cap is snapped onto the IDC block, finally earth either the drain wire or overall braid screen to the shield cap.

Features:

- Category 6 ISO11801 compliant
- Standard RJ45 footprint
- Fast, easy, reliable termination
- Clear IDC termination colour coding
- Suitable for foil and braided screen cables
