Type: Leaf - Long Range Bluetooth USB Audio Transmitter **Producer:** Avantree **Color:** Green & White **Overview:**

Long Range USB Bluetooth Audio Transmitter

Ideal for wireless audio streaming from PC, Mac, PS4 & Any USB Audio Devices

Bluetooth enable

Use the Leaf with your PC, laptop, Mac, PS4 or Nintendo Switch gaming console to stream audio to your favorite speakers or headphones. (Note: You can only use the Leaf for audio, not with a mouse, keyboard, or game controller)

No lip-sync delay

Featuring aptX Low Latency technology, leaf allows you to reduce Bluetooth delay - delivering high quality sound in perfect synchronization. Ideal for watching movies, Leaf pairs well with Avantree Audition Pro, Roxa Plus or Clipper Pro.

Extended range

Featuring Bluetooth Class I technology, Leaf transmits audio signals up to 60ft/20m without any interference.

Plug & play

Not a tech junkie? No problem! With our Bluetooth transmitter, there is no need to download any driver.

Simply plug the transmitter and turn on the connecting device and they will automatically connect for the ultimate user friendly audio experience.

Chat with in-game music

Leaf allows for simultaneous music and voice while gaming when paired with a pair of Avantree headphones enabled with FastStream technology. e.g. Avantree DG59 Set ANC031, ANC032 or HS063.

Perfect solution for you

The Avantree DG50 Leaf gets enhanced with the latest technology along with added features for your convenience. Upgrades include compatibility with PS4 console, aptX Low Latency, FastStream, extended operational range of 20M/60FT and there is no drivers needed as it is Plug and Play!
