

D-LINK Nuclias Connect AC1750 Wave 2 Dual-Band PoE Access Point

מק"ט: DAP-2680

תיאור המוצר

Cutting-edge wireless Wave 2 AC performance perfect for small to medium business or enterprise environments.

Easy to manage with D-Link's free software-based management solution, Nuclias Connect

Superior throughput with Dual-band transfer speeds up to 450 Mbps in the 2.4 GHz band and 1300 Mbps in the 5 GHz band

MU-MIMO technology improves connection by allowing data transfer with multiple devices at the same time

Band Steering makes sure connected devices get the best available frequency band

Beamforming effectively concentrates signal at the area it is required most, improve both speed and stability

Supports Power over Ethernet (802.3at) for simpler installation with less cable clutter Gigabit LAN port for high-capacity backhaul to the wired network

Supports multiple AP modes to ensure optimization based on your network's needs

Simple, soft-edge design, ideal for subtle visibility when wall or ceiling mounted (mounting hardware included)

Supports multiple VLANs for enhanced network management and up to 16 SSID setups

The latest 128-bit Personal and 192-bit Enterprise Encryption

MAC Address Filtering and WLAN Partitioning ensure control of your network's access

Captive Portal with industry-standard authentication for enhanced access management

Works as a standalone AP or as part of a centralized, scalable multi-device deployment

Limited Lifetime Warranty
