

Dual Port PoE Injector

מק"ט: ST-N-990

תיאור המוצר

The 2-Port PoE Injector is a compact, powerful, and cost effective solution for powering PoE devices in remote locations.

It combines electrical power with Gigabit network speeds to provide Gigabit Power-over-Ethernet (PoE) over a single Ethernet cable.

It can supply data and up to 30W of power to PoE-capable devices such as PTZ IP cameras or wireless access points, using regular, non-PoE equipment.

The injector is compliant with IEEE 802.3af PoE and IEEE 802.3at PoE+ standards and requires no additional software for installation.

Features

- Adds PoE capability into existing network
- Compliant with IEEE802.3at/af PoE standards
- Supports 1G/100M/10Mbps network speed
- PoE PD auto detection and power allocation
- Supports PoE power up to 30W
- Fully Plug-n-Play
- Wall mountable

Package Contents

1 x Dual Port PoE Injector

1 x Power Adapter

1 x User Manual
