Network Wire Tracker

מק"ט: HP-TRACK-806R

תיאור המוצר

Description:

Network Wire Tracker NF-806R handy support Trace telephone wire/LAN cable

Diagnose the breakage, open, short, cross. Visible indication: pin-to-pin cable map for individual cable (not by pairs).

Transmitter with RJ11 connector and pair of alligator clips. Low Voltage alarm function. Earphone permits use in noisy environments. LED light assists use in dark corners.

Main functions:

1. Check and find the needed cables among so many cables in one time.

2. Continuity test — wiremap for Lan cables.

3. Diagnose the breakage, open, short, cross.

4. Visible indication: pin-to-pin cable map for individual cable (not by pairs).

5. Transmitter with RJ11 connector and pair of alligator clips.

6. Low Voltage alarm function.

7. Earphone permits use in noisy environments.

8. LED light assists use in dark corners.

Technical parameters:

200Hz	**Tone frequency**
Up to 2 kilometers	**Max. distance of transmission**
Less than 10mA	**Max. working current**
Audio volume level control	**Volume Regulate Function**
Tones, adjustable 2	**Tone mode**
RJ45, cable clip with RJ11 connector	**Compatible connectors**
8Vp-p	**Max. signal voltage**
Wiremap, tone, tracing	**LED lights display**
AC 60V/DC 42V	**Voltage protection**
DC9.0V(NEDA 1604/6F22) x 1pc	**Battery Type**
x 3.7 x 2cm 15	**(Dimensions (LxWxD**
	NF-806 Receiver specifications
200kHz	**Frequency**
Less than 30mA	**The Max. working current**
1	**Earphone jack**
DC9.0V(NEDA 1604/6F22) x1pc	**Battery Type**
x 4.5 x 2.3cm 12.2	**(Dimensions (LxWxD**
